REFERENCE:

[REDACTED] dated 2 April 1953

1. Referenced memorandum states that LNOP cannot be granted until all accrued annual leave has been used.

25X1A9a

2. The undersigned discussed this interpretation with [REDACTED] who is presently in [REDACTED] on TDY. [REDACTED] did not agree with this interpretation, and felt that LNOP could be authorized even though an individual did have annual leave accrued.

3. It is requested that this interpretation be reviewed and this office be advised of the decision. This decision is of utmost importance to the field since, in view of the present leave law, new employees will not be able to use their annual leave without losing their Home Leave privilege.
